## Farmers Worried By Lack Of Water

### COUNTY SHORT 5.4 INCHES OF RAINFALL SINCE FIRST OF YEAR

Putnam county farmers and others who depend on wells for their water supply are becoming anxious over the rainfall deficiency during the last several months.

Many report wells have gone dry and others that water supplies in their respective wells are getting low.

The total deficiency for the first three months of the year, according to the weather bureau, is about 5.4 inches. This added to the 6.61 inches rainfall deficiency of the last year brings the total a shade over 12 inches and which indicates that a serious water shortage is developing.

Because of this shortage of water many veins of water have diminished or gone dry, according to those who have studied the situation.

Weather bureau records show there had been excess water and rainfall in 1936, 1937, 1938 and 1939, but in 1940 dry weather settled here and since that time the fields have been relatively dry.

Little or no snow was on the ground last winter to sink into the soil and for that reason there is little water stored up for use in summer.

Another thing farmers and others fear is that the dearth of rain will end at about the time when plowing or planting are ready to start and thus there will be delay.

### WASHINGTON TEAM FETED; RUSSELL ALEXANDER PRESENT

Russell Alexander was in Washington Thursday evening representing DePauw University at the banquet of the Washington Community Association which honored the 1941 state basketball champions, Madison's runners-up and the Washington Catholic team which won the sportsmanship award in the recent state Catholic tournament.

### SNOW FELL OVER CITY EARLY FRIDAY MORNING

Doves, recently arrived from the South and for the most part unacquainted with the phenomena, snow, gazed about in wonder this morning when a hard "shower" of snow began falling about them. Even the starlings, usually chattering happily even in unpleasant weather, were made mute by the dismal character of the morning.

The snowfall was about as hard as we have had in this vicinity at any time this winter, but it was soft and watery, melting on the ground. However, the flakes clung persistently to windshields of automobiles and trucks, bothering drivers who disliked "blind" driving. Windshield wipers were clogged by the cohesivity and adhesivity of the coating.

With Easter not far away and with the ladies planning their Spring outfits, and with men planning a new Spring suit, or a new tie at least, the disagreeable weather was an unpleasant event.

## NEW EASTERN STAR OFFICERS ARE INSTALLED

### GREENCASTLE CHAPTER HELD SPECIAL MEETING THURS- DAY EVENING

#### MRS. DEVANEY HEADS ORDER

Mrs. Frances Rector, Mrs. Scott, Mrs. Trembley, Mrs. Crump Were Installing Officers

Greencastle Chapter of the Order of Eastern Star held a special meeting Thursday evening for the installation of officers chosen to serve for 1941.

The following were installed, according to the beautiful and impressive Eastern Star ritual, Mrs. Mary DeVane, worthy matron; Frank Wollung, worthy patron; Miss Blanche Williams, associate matron; Leo Terry, associate patron; Mrs. Sarah R. Wright, secretary; Miss Ruth Stewart, treasurer; Miss Virginia Young, conductress; Miss Mildred Caviness, associate conductress; Mrs. Lillian Terry, chaplain; Miss Virginia Dean, marshal; Mrs. Phoebe Brown, organist; Mrs. Imogene Azbell, Adah; Mrs. Mabel Wollung, Ruth; Mrs. Elizabeth Shannon, Esther; Mrs. Veneta Williams, Martha; Mrs. Clara Reeves, Electa; Mrs. Mary Catherine Baker, Warder; William Roby, sentinel.

Installing officers were Mrs. Frances Rector, grand matron; Mrs. Alpha Scott, grand chaplain; Mrs. Ruth Trembley, grand marshal; Mrs. Edna Crump, grand organist.

Miss Evelyn Crump rendered a beautiful solo in compliment to the new worthy matron and the chapter drill team also acted as escort to Mrs. DeVane.

Short talks were made by Mrs. Rector, Mrs. DeVane, Mr. Wollung and Dr. T. G. Yunker, past patron of Greencastle chapter and also past grand patron of Indiana.

The secretary read a letter from Mrs. Essie Benefield, retiring matron, who is vacationing in California. During the social hour following the meeting some one hundred twenty members and visitors greeted the new officers and enjoyed the light refreshments served by Mrs. Value Williams, chairman of the social committee; she was assisted by Mrs. Catherine Abbott and Mrs. Mabel Vermillion, who assisted at the tea table and members of the social committee.

The chapter room and the social room was beautifully decorated with cut flowers.

## McCammack Rites Will Be Sunday

### WELL KNOWN JEFFERSON TWP. RESIDENT PASSED AWAY ON THURSDAY

Robert McCammack, age 77 years, well known resident of Jefferson township, died Thursday morning about 9 o'clock at his home north of Belle Union, following an extended illness.

Survivors include the widow, Mrs. Frone Heavin McCammack, one grandson, Dennis McCammack of Indianapolis, and several nephews and nieces, including Allan, Clarence, and Floris McCammack, Mrs. Nota Smith, Mrs. Edgar Hurst and Mrs. Henry Vaughn, all of Jefferson township.

Funeral services will be held Sunday afternoon at 2 o'clock from the Union Valley Baptist church north of Belle Union. The Rev. Bertha McCammack Kivett of Stilesville will officiate.

Albert Thompson, Elm street, underwent an operation Thursday night at the Putnam county hospital.

## 20 Years Ago IN GREENCASTLE

Joe Allen, Jr., local weather man, reported 2.1 inches of rainfall and it was Easter Sunday. The temperature was 28 degrees with a slight snowfall. Big Walnut was on a rampage. A horse was drowned and Clifford Rubeck was nearly drowned in Mill creek, near Poland bridge. A boat was secured from George Skelton and by using it Rubeck was rescued from his precarious perch on driftwood out in the stream.

Mr. and Mrs. Walter Reeves and four children escaped from their burning home, a mile east of Brick Chapel, at 11 p. m. They lost all their household goods.

## DELINQUENT PROPERTY SALE LIST IS SMALL

Putnam county finance officers are pleased with the briefness of the list of properties in the county being offered for sale in April because of delinquent taxes. It appears to be the shortest the county has had for a long period. The list in Hendricks county is of about the same number of items, possibly a few more.

In some other counties of the state, in which, generally speaking, the economic conditions would appear to be about the same as those in Putnam county, the lists are much larger, occupying, in some instances several pages of the newspapers in which the advertisements are given.

However, in Parke county, which although mostly agricultural in character, contains some towns dependent upon industrial plants, the list is much larger than that in Putnam and Hendricks.

The counties which are principally agricultural are in the best shape as regards the payment of taxes.

## 'Spring Tide' Was Given By Seniors

### CAST OF LOCAL HIGH SCHOOL GRADUATES PRESENTED CLASS PLAY THURS.

Playing before a packed auditorium, a cast of 1941 Greencastle high school graduates, presented the annual senior play on Thursday evening. This year's production was "Spring Tide," a delightful three-act comedy, and it was well received by an attentive and responsive audience.

Each member of the cast portrayed his or her role in a splendid manner and much credit is due not only those in the cast, but also Miss Charlotte Donahue, the director, and every one else connected with the play.

The lines sparkled with wit and the work of William Shelly as Mr. O'Hara was especially outstanding as the role required a sustained characterization of an older man, who was wise, sympathetic, and kind, as well as irascible on occasion.

The plot centered around a boarding house run by Mrs. Porrett, a role well played by Mary Margaret Sheridan. Because of her kindness to young people more ambitious than rich, she is about to fail when Mr. O'Hara proposes that all go to his house boat, pool their present and expected resources for a specified time, develop their talents, and finally divide the pool. At first, the only person made happy by the change seems to be Barker, finely portrayed by James Hurst. As time goes on, however, Mr. O'Hara succeeds in bringing happiness to Madge Gurney (Barbara Wright) and Ruth Cleeve (Marilynn Crask) by showing Christopher Lasseter (Richard Rosok) that to write successful plays he should use material about which he knew, and by directing Peter Ludlow (Jack Rinker) into channels where he would be most successful, thereby permitting the young people to marry.

In the meantime, Mrs. Porrett prevented Wrotherington (Christian McClure) from accepting money for worthless stock. Jill Gaywood (Pauline Bryant) turns her talents from writing unappreciated tone poems to popular songs and becomes the rage of the country. Finally the group becomes so successful the house boat is given up, even the artist (Jimmie Greene) has achieved success, and the play ends with Mrs. Porrett interviewing other young people as prospective roomers. Bowles (Jonathan Houck) is refused a room because he has money, but Beryl Flavis (Lucy Longden) is accepted with joy because she is tired and out of work but has talent. O. J. Stewart as Mr. Heaverstock furnished the comic relief. Tim Ruark was stage manager.

Music between acts was furnished by a trio composed of Madonna Call, Ruth Bartholomew, and Mary Neal, accompanied by Marcia Hamilton.

#### GARY PLANT OPEN

GARY, Ind., March 28.—(UP)—Mass efforts by the CIO Steel Workers Organizing Committee to bar the Carnegie-Illinois works to non-union workers were abandoned today and approximately 12,000 employees entered after a brief picket-line skirmish.

Non-union employees went through the picket line of 600 in groups of 25 or 30. Police swung their clubs, cracked a few skulls and arrested one picket when the two sides of the picket line attempted to converge on a little knot of independent workers.

## MEMBERS OF CO. COUNCIL MEET TO-DAY

### CONSIDER VARIOUS REQUEST ITEMS AS SPECIAL MEET- ING OPENS HERE

#### WILL REQUIRE TWO DAYS

### Putnam County Council Asked To Approve Transfer Of Funds To Pay Old Debts

The members of the Putnam County Council—Messrs. John Sinclair, George Aker, Dolby Collins, Lonnie J. Steele, Roy Hillis, George Ensign and C. J. Ferrand—met at 10 o'clock this forenoon in the county commissioners' room, in a session which will extend into Saturday, inasmuch as the amounts before them for transfer or appropriation total more than \$15,000.

The meeting was called by the auditor, Eddie H. Buis, at the request of the board of county commissioners, to consider a large number of items of transfer and appropriation, in a number of funds.

The largest item of the list is a requested transfer of \$7,430.82 from the highway fund of 1941 to pay highway indebtedness carried over from 1940.

John H. James, county attorney, made a detailed explanation of the history of this matter, which is familiar to most persons in the county. Mr. James explained to the council members that the only manner in which these claims against the highway fund can be paid is for an appropriation to be made for that purpose from the present year's highway fund, which, he said, would of course correspondingly reduce the amount of money available for highway and bridge maintenance in the county, this year.

Mr. James did not question the manner in which the money was expended, "the taxpayers got the benefit of it," he said, but he did question the action of the commissioners last year in incurring indebtedness for which there was not available sufficient money, yet, he said, at the time these obligations were incurred there was enough money to pay them. The difficulty arises, he said, from the fact that other bills, incurred later, were paid ahead of these, leaving these unpaid because the fund was exhausted.

One factor which contributed to the situation in the highway fund at the close of last year was that the receipts from the state's collection for highways purposes was \$27,000—more or less—smaller than the amount expected, it is reported.

Mr. James presented a proposed ordinance of the council making a re-listing of highway appropriations for the current year, reducing a number of items to make a total reduction in the suggested 1941 expenditures sufficient to meet the deferred payments from 1940 highway costs.

Whatever action the council takes in the way of transfers and appropriations will be certified to the State Tax Board for their approval or disapproval, after that board has had a public hearing in Putnam county.

Final action on all requested transfers and appropriations will be taken tomorrow, as is required by law.

The council adjourned at noon today to meet tomorrow at 10 o'clock to conclude their program.

## BANQUET IS ENJOYED BY CO. NIMRODS

### AN DINNER OF CONSER- VATION CLUB HELD THURS- DAY NIGHT

#### NELSON IS SPEAKER

Furnished By Penal Farm  
and; Tap Dance By Young  
Tommy Shannon

A domestic science rooms in the Greencastle high school gymnasium crowded Thursday night for the banquet of the Putnam Conservation Club. The affair, a dinner, was attended by members as well as guests. There was an abundance of chicken, turkey, various kinds of meats, salads, pies and cakes.

Meal was eaten in the gymnasium and the nimrods then went to the basketball playing for the program. Musical selections were played by the popular State Farm Band. This was also accompanied by young Tommy Shannon, who gave an intricate tap dance which was well received by the crowd.

Mr. Nelson, field representative of the Indiana Department of Conservation, was the speaker of the evening. He was introduced by Fred

starting his address. Mr. Nelson said the last time he attended a Conservation Club banquet was some five or six years ago and it was a very cold night and the men present kept their hats on while eating. He paid a visit to the local club for the inter-lake manifested year after year and that no where in his travel the state had been seen as large as Putnam for this kind of meeting.

His talk he was able to illustrate with points in connection with water and wild life conservation the use of lantern slides. He credited for the vast conservation program now in progress over the state to the late Theodore Roosevelt and Gov. Pinchot of Pennsylvania. He touched on different legislation that had been passed in the past thirty to thirty-five years and more interest was shown to save the forests, birds and animals, and top soil of the land was being lost by erosion. He said that no matter how many dams were put into streams and rivers, it would not have good water and the water or this effort would be vain. He went on to show how water supply from springs had been getting lower and lower, especially in the northern section of Indiana. This was due, he said, to the cutting away of trees and in turn also let the top soil of the land be carried away by wind and rain. Throughout his talk, he stressed the vital importance of conservation of all this country's natural resources and his remarks were followed by the men present who were interested and educational.

## GUESS WHO?

Last week's Guess Who gave Miss Anna Brown, 523 East Anderson street, a chance to win two free tickets to the Vancastle Theater for the week-end attraction which will be Wallace Beery in "The Bad Man." Someone outside the city was able to guess the picture correctly. It was Harry Toney, a well known farmer, east of Groveland in Putnam county. Mr. Toney is quite well known in Greencastle.

This week's Guess Who, is another farmer, and our readers are asked to try their skill and win free tickets. Guess Who?

COLOGNE AND DUSSELDORF RAIDED BY BRITISH AIR FORCE LAST NIGHT

LONDON, March 28.—(UP)—The Royal Air Force singled out Cologne and Dusseldorf in western Germany for heavy attacks last night, the first extended aerial activity by either side in six days, the air ministry announced today.

The raiding planes dropped many heavy bombs, the ministry said.

"The bursts of these bombs were clearly seen despite much ground haze," it added.

The Germans made no raids on Britain during the night, for the

sixth straight night. It was London's seventh night without an air raid alarm.

The lull in the German raids had become so prolonged as to be considered significant. The authoritative magazine "The Aeroplane" said the reason for it was that Germany was concentrating "very large forces" of planes in the Balkans in preparation for an "intensive attack."

Last night's raids were the first by the Royal Air Force since it attacked Berlin Sunday night.

### The School of Experience

Two men who passed counterfeit dollars here last Thursday came by Mr. Burman's this side of Cedar Lake, when coming here, and called for some bread Mr. Burman gave it to them, when they told him they would pay, whereupon he refused, and the fellows were insulted; replying that "they were not tramps, and would either pay, or not take the bread." Mr. Burman not wanting any hard feelings took their dollar, and gave them 90 cents change, and they passed on. The dollar Mr. Burman finds it a counterfeit, and he has learned a lesson.—Lake County Star, August 25, 1932.

### Ohio County Claims

The first recorded skirmish between Indians and white men on Indiana soil was the surprise attack by Indians and ultimate defeat of Colonel Loughery in Ohio County in 1781. The Indians who engaged in this fight were allies of the British for this was during the last year of the Revolutionary War. About 40 white men were killed but the Indians spared the lives of some sixty prisoners who were taken to Detroit and after a lapse of time they were released or exchanged. Colonel Loughery was captured and was tomahawked and scalped near the mouth of the creek which still bears his name.

## NAZIS AWAIT YUKOSLAVIAN POLICY STAND

BERLIN EXPECTS STATEMENT TODAY FROM BELGRADE GOVERNMENT

### MOBILIZATION IS REPORTED

Germany's Minister At Belgrade Protests Alleged Maltreatment Of German Subjects

BERLIN, March 28.—(UP)—Reports that Yugoslavia was mobilizing rapidly and had called up several army classes during the night reached diplomatic quarters today as Germany protested to the new Yugoslav government against the alleged maltreatment of German citizens.

The German government had waited vainly for a reply to an "urgent" request that the Yugoslav government make a statement of policy.

It was understood that a reply had been asked by noon today (4 A. M. CST) and admittedly no such reply had been received.

Yugoslav circles said that no reply was likely for another 24 hours. But unofficial observers believed that the German government was disinclined to let the situation drift and would insist on quick clarification.

It was made known that reports of maltreatment of Germans in Yugoslavia had been "unfortunately confirmed" and that the German minister at Belgrade had protested. Political quarters would say only that "dramatic developments" were expected soon.

Informants said the German minister at Belgrade was in constant communication with foreign minister Joachim von Ribbentrop.

Asked whether the new Yugoslav government would endorse the Tripartite pact, an authorized spokesman said:

"It is unusual for one government to cast overboard treaties signed by its predecessors."

The official radio this morning broadcast full reports of the Yugoslav situation, including alleged anti-German demonstrations and pro-American and pro-British manifestations.

It made no comment. Early afternoon newspapers put records of yesterday's Yugoslav Coup d'Etat on their second page. Reports of anti-German demonstrations were not included.

Nazis continued to assert, though perhaps with lessening emphasis, that they were confident that Yugoslavia would announce its adherence to the Axis.

An authorized informant, saying that thus far no clear definition of Yugoslavia's future foreign policy had been received, commented:

"It is very natural that the situation is being followed in the German capital and the foreign office with extreme interest."

The informant said it was impossible to state whether a quick answer from Yugoslavia on its position was likely.

"This depends on the consolidation of various conflicting interests within the country itself," he explained.

most novel comedy concoctions of  
the season, "Meet the Chump," has  
just been set to show Friday and Sat-

HERE'S WAR IN FLORIDA — One million  
young Americans are now under arms in the  
national defense program and another 400,000  
are expected to be in uniform by July 1. Scenes  
were taken at Starke, Fla., where 138-  
acre area of blackjack oak, pine and sand  
has been converted into one of nation's largest  
training centers, Camp Albert H. Bland-

ing. Troops there now are 31st Division from  
South and 43rd Division from New England.  
Scenes are indicative of many training centers.

Lots of lovely British lassies lunch  
at the Savoy in London. Not a few  
of them are probably perfectly will-  
ing to have a cinema career. But  
few of them, indeed, are lucky  
enough to be having their tea and  
biscuits at the same time that such  
a famous producer as Alexander  
Korda is lunching and looking for  
talent.

That's the lucky break that Wendy  
Barrie enjoyed a few years ago and  
that's how Miss Barrie became a  
screen star of London and Holly-  
wood. The story-book tale of how  
Wendy was introduced to film work  
was narrated during the making of  
"What Price Vengeance?" showing  
on the double feature program Fri-  
day and Saturday at the Chateau  
Theatre, with Miss Barrie as Lyle  
Talbot's leading lady.

George "Gabby" Hayes is one man  
who couldn't retire if he wanted to!  
As a matter of fact the bearded  
comedian who is featured with Roy  
Rogers in Republic's "Colorado," the  
other picture to make up the double  
feature Friday and Saturday at the  
Chateau Theatre tried to retire sev-  
eral times since his arrival in the  
film colony, but each time the clamor  
of this fans brought him back to the  
silver screen.

"Gabby" was born in Wellsville,  
New York some fifty-five years ago.  
His father was a farmer who later  
went into the oil business. On both  
sides of his family he can trace his  
ancestry back to Revolutionary War  
days.

**Granada**  
Presenting the graphic story of a

boy and girl whose struggle for hap-  
piness is aided by a two-fisted, hard-  
fighting waterfront priest, Univers-  
al's dramatic film, "San Francisco  
Docks," comes Friday and Saturday  
to the Granada Theatre.

Burgess Meredith, versatile stage  
and screen favorite, is seen as the  
youth unjustly convicted of murder  
and Irene Hervey shares romantic  
honors in the story as his sweetheart.  
Robert Armstrong portrays a fiery  
priest who turns detective to save an  
innocent man from execution.

"West of Pinto Basin" with the  
Range Busters is combined with  
"San Francisco Docks" to make up  
the double feature program.

**THAT'S WHAT COUNTS  
IN COOKING TOO!**

# The Clean Blue Flame of a Modern GAS RANGE

**FASTER** than any other cooking method!

The fact that the modern GAS RANGE gives you *instantly* the exact  
heat you want means faster, surer, better cooking. Just as a sprinter  
gets off to "full speed" at the flash of the gun, so the GAS RANGE  
of today attains the exact, desired degree of heat instantly, at the  
mere flick of a finger. That's a tremendous advantage to you.  
Whether you want a pin-point simmering heat or intense full-  
capacity cooking heat, you get it *right then!* It gives you a sure-  
ness and confidence that makes your daily cooking a real delight.

## NEVER SAW EQUAL OF RETONGA, SAYS NURSE

"It Was Fine For Me And My Husband And Has Been Equally Effective With Several Of Our Friends," Declares Mrs. Dodd. Tells Experience.

"In nearly fourteen years of nursing, and as supervisor of nurses in a sanatorium, I never saw any medicine to equal Retonga," is the grateful tribute paid Retonga by Mrs. Golda Dodd, for fourteen years one of the best known graduate nurses in Indianapolis, is a native of Thornton, Ind., and graduate at Lebanon. Her proficiency won her the position of supervisor of nurses at a well-known hospital, from which she retired upon her marriage a few years ago.

"My own troubles started about three years ago with darning, knife-like pains all over my body," stated Mrs. Dodd. "My professional training soon told me that I had a hard case of neuritis. My arms and shoulders pained terribly and my hands were so stiff and painful I could not close them. I felt bad and run down all over. My husband took

Retonga and we both marveled at the change in him. I began on Retonga and it soon relieved me of every pain and ache and I felt splendid. I have recommended Retonga to many friends with perfectly splendid results; and I hope this statement will help others to obtain the same remarkable relief we did."

Retonga is a purely herbal medicine, mildly laxative, combined with Vitamin B-1—the nerve and stomach vitamin. Retonga may be obtained at R. P. Mullins Drug Store.—Adv.

## Milwaukee Plant Opens Its Gates

WORKERS RETURN TO ALLIS-CHALMERS FACTORY AFTER 66-DAY STRIKE

MILWAUKEE, Wis., March 28.—(UP)—Workmen began filtering back to defense production lines in the 155-acre Allis-Chalmers Manufacturing Co. today under the protection of 500 policemen and special deputies.

The first 300 who passed through two main gates were greeted as "scabs" by a crowd of CIO United Automobile Workers standing behind police lines.

The company threw open its gates for the first time since its 7,800 employees went on strike 66 days ago, in response to an urgent request by Navy Secretary Frank Knox and William S. Knudsen, director general of the office of production management, to resume work on vital defense machinery.

By 8 a. m., regular starting time, the company estimated 1250 production workers had reported. A spokesman called it "a good start."

While police lined up at the gates and the "Big Bertha" armored riot car of the Milwaukee police lumbered up to a position commanding the main entrance, Christoffel harangued union men on a field soggy with snow and mud.

He told them "five stubborn men," directors of the Allis-Chalmers company, blocked a settlement. The police, he said, are "goons and strike breakers."

"All this amounts to," Christoffel shouted, "is a back-to-work movement with the blessing of Knudsen and Knox... It's a sorry thing for a nation when the representatives of its government stoop to strike breaking."

TWO TROUPERS—Dorothy Gish, playing in road company and Blanche Ring, former musical comedy star, now starring in "Gay Nineties," get some spring sunshine at Atlantic City, N. J. They were on week-end vacation from Philadelphia.

Four faculty members of the East Hampton high school matched knowledge with four students in a school quiz contest—and lost. Students framed the questions and the faculty members wended...

### HOT CROSS BUNS IN A HURRY

Two of your friends telephone that they'll be over for the afternoon. You're very happy about their coming. And you immediately begin planning what you will serve with a cozy cup of tea or coffee. Hot Cross Buns would be grand, of course. But you haven't any Hot Cross Buns on hand—and it takes too long to make them. If only there were some way of making Hot Cross Buns in a hurry!

Well... there is. You can make some delightful little buns, with white sugar crosses on top, in no time at all by simply using baking powder instead of yeast. Doesn't that sound like magic... to be able to have a tray of delicious piping hot buns all ready to offer your guests in less than three quarters of an hour? In fact you can even do better than that. If you are using a prepared biscuit mix... where the flour, baking powder, salt and shortening are already blended together for you... you can make these little quick Hot Cross Buns in less than half an hour!

But first I'll tell you how to make them with regular all-purpose flour:

**QUICK HOT CROSS BUNS**  
2 cups sifted all-purpose flour  
3 tsp. baking powder  
1 tsp. salt  
4 tsp. sugar  
1/4 tsp. nutmeg  
1/4 tsp. cinnamon  
4 tsp. shortening  
1/4 cup seedless raisins  
1/2 cup currants  
1/2 cup currants  
1 tsp. citron, cut fine  
1 tsp. candied cherries, cut fine  
1 egg  
About 1/2 cup milk

Sift together the flour, baking powder, salt, sugar and spices. Cut in the shortening with a pastry blender or two knives. Blend in the currants, raisins, citron and cherries.

Beat the egg until light and add the milk. Stir into flour mixture to make a soft dough. Turn the dough out onto a well-floured cloth-covered mixing board and knead gently until smooth. Then roll out 1 inch thick. Cut with a biscuit cutter, and place in well greased muffin cups.

Bake for 12 to 15 minutes in a hot oven, 450° F. This recipe makes about 16 Hot Cross Buns.

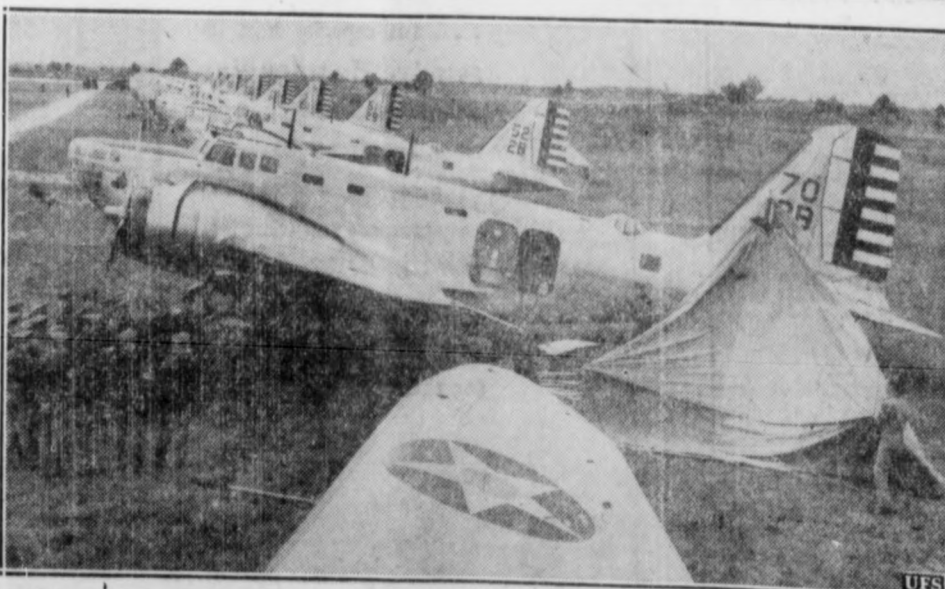

**Thin Sugar Icing for Crosses**  
While buns are still warm, make a cross on each with thin sugar icing made by adding a little milk to confectioners' sugar until it will spread easily. Flavor with a few drops of vanilla, lemon, or other extract.

**If You're Using A Prepared Biscuit Mix**  
Omit baking powder, salt and shortening from the above recipe. Do not sift. Mix 2 1/2 cups of the biscuit mix with the sugar, spices and fruit. Stir this mixture into the egg and milk mixture. Beat until smooth (about 30 seconds). Knead lightly for 30 seconds on mixing board. Everything else the same as the above recipe.

# YUGOSLAVS HAPPY OVER COUP D'ETAT

BALKAN NATION JUBILANT OVER  
SPEDY CHANGE OF  
GOVERNMENT

ARMY BACKING KING PETER

Germans in Belgrade Prepare To  
Leave; Carnival Spirit Pre-  
vails in Yugoslav Capital

BELGRADE, Yugoslavia, March 28.—(UP)—Boy King Peter II took the royal oath at his palace today in the presence of Patriarch Gavrilo and six bishops of the Orthodox church. Immediately before the ceremony members of his new cabinet were presented to him.

BELGRADE, Yugoslavia, March 28.—(UP)—Serbs, Croats and Slovenes of the Triune kingdom waited confidently today a proclamation by the new cabinet on foreign policy.

They had seen a dramatic and hasty overthrow of the Regency and government which had committed them to support the Axis. They knew that their little nation might soon be re-committed to tacit if not open alliance of Nazi Germany.

But they knew that their army, which for weeks had been quietly mobilizing, was rapidly approaching its peak strength. Tens of thousands of them had been called to the colors yesterday. They had the strongest cabinet in memory and they seemed ready for anything which might come.

Swiftly consolidating its control, the new government permitted Prince Paul, head of the ousted Regency, to leave for Greece by special train at his own request at 11 o'clock last night.

Former Premier Dragisha Cvetkovich and former foreign minister Alexander Cincar-Markovitch had been released from arrest at 11:20 p.m. and permitted to go to their homes.

Germans who for weeks had crowded the capital's leading hotels were packing up, ready to leave en masse.

The government's confidence in the spirit of the people, and of their divided support, was shown by the fact that as soon as it had effected the overthrow of the old regime it moved the restrictions which had

been clamped down so suddenly Wednesday night.

Soldiers were recalled from key points to the capital except government buildings. Those soldiers who remained on duty had garlands of flowers on their rifles. The city was in carnival mood. Songs and cheers echoed through the streets and flags hung from homes and buildings. Reports from the provinces said that in Croat and Slovene as well as Serb areas the spirit was the same, and that enthusiastic manifestations had been held in support of the king and the army.

WASHINGTON, March 28.—(UP)—The United States today studied means of aiding the newly-formed Yugoslav government in the event it is forced to fight for its independence against the Axis.

The promise of United States support, similar to that pledged to Britain, Greece and China, was given the new government by acting secretary of state Sumner Welles yesterday, soon after word of the revolt against Axis cooperation leaked out of Belgrade.

Although aid to Britain remains the keystone of the lend-lease policy, informed officials here said

there would be additional emphasis on Greek and, conceivably Yugoslav, assistance if the situation in the Balkans becomes more acute.

## CIO MAKES CHARGES

RICHMOND, Ind., March 28.—(UP)—CIO attorneys charged today that state and local authorities were acting for industry to make International Harvester Company's Richmond plant the "Bunker Hill" of the nation's labor struggle.

Simultaneously, Clifford Kerr and Robert Foley, leaders in the strike of the United Farm Equipment Workers of America (CIO) against the Harvester plant here, issued an order from their cell in Wayne county jail to cease resistance to the opening of the plant, at least temporarily.

## TURKEY GETS RARE MAP COPY

ISTANBUL, (UP)—Pope Pius has sent to Turkish Prime Minister Refik Cagdam a gift consisting of a copy of a map made in 1546 by Giacomo Gastaldi showing the Ottoman Empire at the height of its power and the concepts of the day of the geography between Danzig and the Bosphorus.

SAGERUSH SAGE AIDS MOVIES  
MOJAVE, Cal., (UP)—Harry Oliver, humorist and sagebrush philosopher, has been in Mojave giving di-

rector Howard Hughes some pointers on art for the motion picture "Billy the Kid" now being filmed in Red Rock Canyon.

STRIKER WEEPS — Charles Harvath, striking sympathizer at Bethlehem, Pa., steel plant, temporarily blinded by tear gas during rioting. State Troopers used gas and clubs to disperse more than 1,000 CIO strikers and sympathizers.

AFTER 55 YEARS — Esther Smith, 90, right, of Hamilton, Ontario, kisses sister, Mrs. Gertrude Crawford, 75, when they met in New York first time in 55 years. They were reunited through radio Court of Missing Heirs.

## Where to Find Your Favorite Radio Programs

After March 28

For the purpose of eliminating considerable interference from stations in Canada and Mexico and improving broadcast reception generally, the Federal Communications Commission has assigned new wave lengths—or frequencies—to approximately 90 per cent of all standard broadcast stations in the United States, effective at 3 A. M., March 29th. While some stations in this area will retain their present position on your radio dial (those operating between 550 and 720 kilocycles) the great majority will be moved up 30 kilocycles.

To help you find your favorite programs after these changes are made we are listing below the principal radio stations heard in Indiana and their new positions on your receiver dial.

## Reach Agreement In Steel Strike

SETTLEMENT ANNOUNCED IN  
4-DAY SHUTDOWN AT  
BETHLEHEM, PA.

JOHNSTOWN, Pa., March 28.—(UP)—The CIO steel workers organizing committee struck today at the big Cambria plant of Bethlehem Steel Corp., employing 15,000 workers.

BETHLEHEM, Pa., March 28.—(UP)—Settlement of a four-day strike at the home plant of the Bethlehem Steel Corporation was announced today by John V. Riffe, field director for the Steel Workers organizing Committee (CIO) after an all night conference with company officials.

Riffe said a strikers' mass meeting had been called for 11 a. m. to ratify the settlement and that picketing would stop when the meeting started. The strike began Monday in protest against an attempt by the employees representation plan, which the SWOC alleged to be a company union, to hold an election of officers on company property.

JOHNSTOWN, Pa., March 28.—(UP)—A strike at the Bethlehem Steel Corporation's Cambria works, employing 15,000 men on national defense orders, was imminent today.

The employees representation plan alleged by the Steel Workers Organizing Committee (CIO) to be a company union, was scheduled to set up ballot boxes for an election of officers in the plant at 7 a. m. SWOC leaders have threatened to call a strike the moment the boxes appear. The company gave the ERP three days to hold this election. Today was the last allotted day.
